

The Freesong Studio

Crescent City, California

PRESS RELEASE

September, 2022

We are pleased to announce the opening of The Freesong Studio in Crescent City, California. It is planned as a *not-for-profit* enterprise, and its Mission Statement defines its primary goal as, “Providing local musicians with free, high-quality, multi-track recordings of their original music.”

The Freesong Studio also plans to help promote local artists by publishing their mixed audio and video performances to YouTube and the music site ReverbNation.com, all at no cost to the artists.

The Freesong Studio plans for these recordings to be used by the Artists in any way they wish, including self-promotion on social media, selling CDs & downloads at their shows or from online retailers such as iTunes, without sharing any revenue with the Studio.

The Freesong Studio is also open for commercial recording, mixing and mastering at low daily rates in our home studio, The Shop, and for mobile recording at local venues or other locations.

Please visit our pages to learn more about this exciting new addition to our community and contact us to book a session today.
